📍 Dubai, UAE   🚩 Canadian Citizen

EXPERIENCE

Software Developer
Dero Enterprises

📅 09/2024 - 09/2025   📍 Montreal, QC

- Implemented a JavaScript live chat within ERP, improving internal communication
- Used Fiddler to debug ERP issues, resolving frequent system bugs
- Developed Python automation scripts reducing manual inventory tracking efforts by 35%
- Maintained and monitored ERP workflows supporting factory operations

Quality Assurance Intern
Genetec

📅 01/2023 - 09/2023   📍 Montreal, QC

- Automated regression testing with Power Shell, decreasing test execution time by 40%
- Performed Cypress E2E testing, identifying critical permission issues and improving software reliability
- Conducted API and manual testing to ensure system reliability
- Worked closely with dev teams on performance tuning and debugging

Software Developer Intern
WIS Inc

📅 09/2022 - 12/2022   📍 Montreal, QC

- Automated a validation script with Python to detect duplicates and anomalies, improving data accuracy
- Enhanced reporting by implementing SQL queries in Power BI dashboards enhancing readability

Data Entry & Verification
Access Research

📅 07/2018 - 01/2019   📍 Montreal, QC

- Conducted surveys and logged customer data accurately
- Summarized trends in reports using Excel and Word tools

EDUCATION

Bachelor of Software Engineering
Concordia University

📅 01/2020 - 05/2024   📍 Montreal

SUMMARY

Results-driven software engineer with experience in full-stack development, QA automation, and Data analysis. Proven ability to improve system performance, streamline workflows, and deliver high-quality technical solutions.
My objective is to secure a software developer role in a dynamic environment to apply my problem solving and technical skills into a valuable, meaningful project.
